

CD for the Pronunciation of Greek

by

Chrys C. Caragounis

The following CD item is intended for learners of Greek.

- *How to Pronounce New Testament Greek in the Historical Greek Pronunciation*

This is an Easy and Quick Course in How to Pronounce Greek as a Greek. This is a Course in CD ROM for learning to pronounce Greek in the Historical Greek Pronunciation. The CD contains the rules of Greek pronunciation, drawings representing the phonetic organs and a description of their function, where in the mouth the vowels are formed, text exercises from the New Testament and voice animation. The texts are read by a Professor of Classics from the University of Thessaloniki.

The CD is available in PC Version (Windows 95, 98, Me, 2000, XP, or NT.4.0) as well as in Mac Version (OS X)

For a sample of the Historical Greek Pronunciation and a Comparison with the Erasmian pronunciation, see Chris Tilling's blog:
